CONSENT ORDER

This matter was opened to the New Jersey State Board of Dentistry ("Board") upon receipt of information from the National Practitioner Data Bank concerning dental treatment performed by the respondent for patient Harvey Nelson consisting, in pertinent part, of root canal therapy, post placement, and crown and bridgework on teeth #4, 5 and 31. The Board reviewed the entire record in this matter including the patient charts, X-rays, subsequent examining dentists' reports, and further information acquired at an investigative inquiry attended by the respondent on September 22, 1993. It appears to the Board that the case failed and that the patient required extensive rehabilitation and rebuilding of teeth.

It appearing that the respondent desires to resolve this matter without recourse to formal proceedings and for good cause shown;

IT IS ON THIS ^{25th} ^{MAY} DAY OF ~~APRIL~~, 1994,

HEREBY ORDERED AND AGREED THAT:

1. Respondent shall successfully complete 21 hours of continuing education in diagnosis and treatment planning, 28 hours of continuing education in basic endodontics, 28 hours of continuing education in basic periodontics, and 14 hours of continuing education in post and core dentistry. These courses shall be approved by the Board in writing prior to attendance utilizing the attached Pre-Approval Sheet, and the courses must be completed no later than March 31, 1995. Respondent also shall be required to complete the attached Continuing Education Report and Proof of Attendance as proof of successful completion of the required course work. The attached forms are made a part of the within Order, and a separate form is to be used for each course. Said continuing education ordered herein shall be in addition to, and not a part of, the mandatory continuing education currently required for dentists.

STATE BOARD OF DENTISTRY

I have read and understand
the within Order and agree
